

SKH Lam Woo Memorial Secondary School
The 55th Anniversary Celebration Logo Design Concept

The design features simple lines that outline the number “55”, surrounding and highlighting the school emblem. This symbolizes the 55 years since the school's establishment, with staff and students walking together towards a new milestone and opening a new chapter.

The logo's shape is complemented by elegant, vibrant lines and dazzling stars, representing the four key elements: **Gratitude**, **Innovation**, **Fortitude** and **Togetherness**. It aims to create a future where teachers and students can showcase their talents and shine in various fields.
