## My perfection :

It was a \*marvelous, \*performance. I was greatly impressed by them. ❤ Although most of them are abandoned or vulnerable in some ways, they cultivate the positive attitude towards life. Through contemporary African music and dance, they bring hope to people all over the world. Most importantly, I experience the power of God. It was incredible to see what God has done to the children in Watoto. I think that they are not unfortunate. They have love, hope, forgiveness, trust and dignity in their lives. I also proud of the people who work for Watoto because they deliberate to help the most vulnerable children in the world.

thanks a lot!

I was astonished by how great the children in Watoto performed, but most importantly is that the children have a deep and dark past, their stories and how they managed to overcome it is so touching.

I hope they'll not lose hope and become great people in the future; not just Watoto, but all people that were poor.

It was very honourable to have the Watoto children choir to be with us in school. The show was very meaningful show and a valuable memory to me.

The eighteen children performed very well on stage, despite we are different races and from absolutely different places, it is indeed really touching to watch their show. The eighteen children has their own story, a different, remarkable story, they come from different families with a different past and experience.

Though they were orphans, suffered from illness, war or other unfortunate experiences, they are not just an orphan now with the blessings of God. They can sing, they can dance around the world and spread Jesus' name.

I really appreciate every one of them, to have the passion to spread Jesus' name, to have the bravery to sing and dance in front of a big group of people, and I appreciate their own story, their remarkable story that we can learn from.

Despite their age, despite their race, they were spectacular.

### A 4D student

表演出乎意料地精彩，本以為合唱團會是較死板地站着歌唱，但其實可以邊跳邊唱。

I really like their performance. When I have the ability, I will try to help them. I hope people with enough ability can sponsor them as they also have unlimited potentials. They are talented and so energetic. They brought us a great time. Although I am not a Christian, I was still touched by their love towards God. The faith really support them through difficult times.

The charity work is really meaningful. These children are worth helping and supporting. I am thankful for those people who are willing to give help to them. I hope that more children could be helped in the future. I also hope that they can come to perform again in LamWoo in the future. All the best to all the children and women. :)

A student from 4 D

Thank you everyone in Watoto for giving students in Lamwoo such an extraordinary and fascinating concert! All of us savoured every song and every story shared by you a lot. I wish you the best of luck that you can be brave and tough enough to chase your dream. Do something that your future self will be pleased of and be thankful to yourself today.

Be strong and courageous.

Do not be afraid and discouraged.

For the Lord your God will be with you whenever you go.
